## ABOUT AIT

The Army Institute of Technology (AIT) was established in 1994 and operates under the aegis of the Indian Army. It is approved by AICTE, ensuring high academic and research standards. AIT is affiliated with Savitribai Phule Pune University and has been granted autonomy status effective from 2025. The institute offers Under Graduate programs in Computer Engineering, Information Technology, Mechanical Engineering, Electronics & Telecommunication and Automation & Robotics as well as a Post Graduate program in Data Science. AIT is ranked within the 201–300 band nationally by NIRF, accredited by NAAC and all Under Graduate programs are NBA-accredited.

## ABOUT DEPARTMENT

The Department of Information Technology was established in 2001 with an intake of 120 students. The department is committed to shaping students in a manner that enables them to be readily absorbed by corporate and professional organizations. It continues to explore new frontiers of knowledge through quality research, conferences, QIPs and FDPs to enhance the teaching-learning process. The department is also a pioneer in establishing IEEE, ACM and NPTEL student branches.

## ABOUT CONFERENCE

The International Conference on Nexus of Digitalization, Intelligence and Applications (ICNDIA-26) serves as a premier platform for researchers, industry leaders and practitioners to explore the transformative impact of Digital Technologies and Artificial Intelligence across various sectors. Focusing on innovative applications and emerging trends, the conference fosters collaboration and knowledge sharing, addressing both the opportunities and challenges presented by digitalization. Attendees will participate in insightful discussions, attend workshops and network with experts, all aimed at driving forward-thinking solutions that harness the power of technology for societal advancement.
